

1/ 1984.
GENERAL SECRETARY'S REPORT.

I am pleased to be able to report on another fairly successful year for the club.

Continued sponsorship from Pihlens Motors has enabled us to buy extra weight training equipment and shortly we will be able to buy a new watch for next years club events.

From the outset it has always been the aim of John Ledger for the whole club to benefit from this sponsorship so any ideas to this end will be looked at by the new committee.

John has stated that his company will not be sponsoring the Horsley Valley road racers next-year. Prefering instead to put the money straight into the club.

2/
We thank him for this and his involvement with the race over the past two years.

We have had a steady influx of new members since the last A.G.M. 15 in all, mainly interested in racing and so consequently club racing has enjoyed a good year.

Attendance on club runs has again been low and this means that we are not getting potential new leisure cyclists into the club.

Perhaps the traditional club run is an out-moded idea these days, but as Secretary I get a steady stream of enquiries from people interested in taking up leisure cycling. We have very little facilities for them, and the new

3)

committee must look at this problem.

Our racing events and social occasions have again been well organised and successful, thanks to a handful of willing people who are prepared to put themselves out a bit.

Highlights were the weekend to Paris the dinner and of course, the visit from the former cyclists in June. A return visit to Holland could be the highlight of 1985.

Meanwhile a lot of jobs will be available at this meeting so please if you can, take on a job and carry on the good work.

Finally I have decided to stand down as Gen. Sec. After 4 years I feel I could do with a rest and I'm sure the club could do with a change.
